Caracole by felione fine furnitures offers beauty with multi use cabinets.

## Wrapped up with Ribbon

The ribbon-esque three dimensional design on the doors were inspired by a photograph taken in California. To give it dimension, an Oracle silver leaf finish was added. The ribbon is a camouflaged handle to open the doors. Inside, a beautifully finished mahogany interior with six drawers will host up to a 50" television.

## Awesome Blossom

Chinoiserie chic! This rich mahogany closed storage piece boasts a brilliantly gold leaf chinoiserie facade hand-painted with delicate cherry blossom branches. A powerful, jaw-dropping focal point for any room in the house.

## Live Entertainment

This long and lean four-door credenza is the perfect perch for today's flat screen TV. The clean lines of the fumed Eucalyptus credenza and the mahogany floating shelf add a dose of glamour to any setting!
