# POISED STATURE

Caracole brings in purpose and graceful enhancement into any living space.

TEXT CLARA LING IMAGES COURTESY OF CARACOLE

Looking at a beautifully furnished living space would put a smile on your face after a gratifying work of handpicking furniture that best fit your home. Scanning across the room, you realise there's still room for one more - something beyond style and interest but also functional. Perfect for hallways or an additional accent, why not consider one of Caracole's classy and artisan pieces?

## CONSOLE TABLE

Gold-y simply loves to make an elegant statement. Best used in narrow entrance hall or behind a floating sofa, the 79-inch wide structure stands on all fours finished with gold highlights. Comes with a hidden drawer at the centre of its curvaceous expanse; it could hide away keys or other well-kept secrets. ❖

Caracole is exclusively available at Felione Fine Furnishing Gallery.
